PROFESSIONAL SUMMARY

Senior Full-Stack Software Engineer with **12+ years of professional experience** in backend and web application development, primarily using **PHP-based frameworks**, with additional experience in **C#, ASP.NET, Flutter, and Vue.js**.

Currently expanding expertise into **modern full-stack development** with **Spring Boot REST APIs** and **React.js Single Page Applications**, focusing on clean architecture, API design, authentication, and cloud deployment. Strong background in **data modeling, system integration, and mentoring junior engineers**. Experienced working with international teams.

CORE TECHNOLOGIES

Backend & APIs: PHP (Laravel, CakePHP, Symfony, Yii), Spring Boot, C#, ASP.NET, RESTful APIs

Frontend: React.js (SPA), JavaScript (ES6+), HTML5, CSS3, Bootstrap, Vue 3

Mobile: Flutter (iOS / Android)

Databases: MySQL, PostgreSQL, SQL Server

Cloud & DevOps: AWS (EC2, S3, CloudFront), Azure Functions, Docker

Tools & Libraries: GitHub, GitLab, Postman, Chart.js, DataTables

Other: Stripe API, Authentication, Data Migration

PROFESSIONAL EXPERIENCE

Briswell CO LTD — Tokyo, Japan (Outsourcing Company)

May 2015 – June 2025

Senior Software Developer | 2020 – 2025 (remote, California, U.S)

- Led the development of web and mobile applications for enterprise clients.
- Designed and implemented **RESTful APIs** supporting web and mobile clients.
- Built frontend interfaces using **JavaScript, Vue 3, and AJAX**.
- Developed **cross-platform mobile apps** using Flutter for iOS and Android.
- Performed **data validation, migration, and cleanup** across legacy systems.
- Mentored junior developers and reviewed code to maintain quality standards.
- Collaborated closely with QA teams to reproduce and resolve defects.

Tech stack: PHP (Laravel, CakePHP), Flutter, Vue 3, MySQL, RESTful API, JavaScript, Docker, GitLab, GitHub, AWS.

Senior Software Developer | 2018 – 2020 (on-site – Tokyo, Japan)

- Collaborated with clients to gather requirements and propose technical solutions.
- Designed and maintained **relational databases** ensuring data integrity and performance.
- Developed backend services using **PHP, C#, ASP.NET**, integrated with MySQL and SQL Server.
- Built **real-time dashboards and reporting tools** with Azure Functions and JavaScript chart libraries.
- Maintained and enhanced legacy ASP.NET applications for stability and scalability.

Tech stack: PHP, CakePHP, C#, ASP.NET, MySQL, SQL Server, JavaScript, Chart.js, Azure Functions, AWS.

Software Developer | 2015 – 2018 (Ho Chi Minh city, Vietnam)

- Developed web applications using **PHP (Symfony, CakePHP)**.
- Built and maintained CMS-based systems using **WordPress and Drupal**.
- Automated data collection and processing using **PhantomJS**.
- Trained new team members on project workflows and development environments.

VAE CO LTD — Ho Chi Minh City, Vietnam

Software Developer | 2012 – 2015

- Contributed to **e-commerce web applications** using Yii framework.
- Developed backend features, database schemas, and SQL queries for reports.
- Collaborated with team members to ensure delivery on schedule.

SELECTED PROJECTS

E-Commerce Platform — React.js + Spring Boot

(Personal Project)

- Built a **full-stack e-commerce application** with a React.js SPA frontend and Spring Boot REST API backend.
- Implemented **authentication and role-based access** (User / Admin).
- Integrated **Stripe payment processing** for secure online transactions.
- Designed responsive UI using **Bootstrap 5**.
- Deployed frontend and backend on **AWS (S3, CloudFront, EC2)**.
- Source code and demo available on GitHub.

Repositories:

- React User SPA
- React Admin SPA
- Spring Boot REST API

Portfolio website — React.js

- Developed a responsive portfolio website to showcase projects and technical skills.
- Built using **React.js** and **Bootstrap** with mobile-first design.
- Deployed on **AWS CloudFront** with a custom domain.

EDUCATION

Bachelor of Software Engineering

University of Information Technology

Vietnam National University – Ho Chi Minh City

2012
